Berlin, October 2, 2018

To Whom it May Concern

On 24 April 2018 the Asia Pacific Forum Berlin, BGM Associates, German Healthcare Partnership and Health Capital Berlin organized the event “**Digital Health Asia – The Future Transformation**” as part of the Asia-Pacific Week 2018. During this conference Mr. Chenchao Liu acted as one of three panellists in a moderated discussion on ‘**The Digital Transformation of Healthcare – Is there an Asian Way?**’

Interacting with the two other panellists, Clas Neumann, Senior VP SAP from Shanghai and David McKeering Partner, Global Healthcare Lead PwC Singapore, Chenchao Liu contributed to a lively discussion and contributed important insights from a Sino-German perspective.

I am grateful for his excellent contribution and recommend Chenchao Liu for any similar events as a speaker or panellist.

Yours Sincerely,

Prof. Dr. Gert Bruche
Chairman
